### Reports to (Functional)

MH Activity Manager / Project Medical Referent / Medical Coordinator

### Job Family

Medical & Paramedical

---

### Main Purpose

Providing psychological support to patients according to **MSF** principles, standards and procedures in order to improve the patients' mental health.

---

### Accountabilities

- Carrying out evaluation of mental health needs of patients and establishing a diagnosis and a plan of treatment. Informing the patient and his/her relatives about the possible consequences of the illness and the drug treatment to follow and referring patients to other health professionals whenever necessary, in order to provide the most appropriate treatment and improve the patient's condition
  - Implementing the Sexual Gender Based Violence (SGBV) protocol, identifying possible victims of SGBV and referring them to the medical team so that they receive the necessary treatment.
  - Providing psychological support and psychotherapy sessions (individual, family, group) to patients according to MSF protocols in order to improve their mental health conditions
  - Assisting and training staff members and resourceful people whenever necessary in order to enhance the scope of MH activities. Working in close collaboration with translators in order to ensure appropriate terminology and behavior during sessions
  - Collecting statistical and monitoring data about mental health activities
  - Informing the supervisor and the medical team about any issues or problems that may arise related to patients' treatment in order to provide the best possible solution from a medical perspective
  - Ensuring that all patient information is kept confidential.
- 

### Education

**Experience**

- Essential 2 years’ experience minimum as a Psychologist
  - Desirable previous experience with MSF or other NGO’s in developing countries
- 
-
